

LinkPoint AIO

Specifications

Terminal Section

- Memory: 1 MB total; 512K battery-backed RAM; 512K flash
- Operating system: embedded in flash sector
- Microprocessor: Z180 CPU
- Display: 2-line, 20-character backlit LCD
- Keypad: 30 alphanumeric keys
- Card reader: track 1 and track 2, bidirectional; track 1,2 and 3 reader available upon special order
- Peripheral ports:
 - 6-pin DIN port for PIN pads, smart-card readers or bar-code wands
 - 8-pin DIN RS-232 general-purpose port for check readers, etc.

Printer Section

- Fixed thermal print head
- Easy, drop-in paper-loading system
- Speed: 14 lines per second
- Paper: standard thermal roll, single ply Appleton 1012 sheet (recommended)
- Paper width: 2.25 in. (58 mm)
- Paper roll diameter: 1.9 in. (48 mm) maximum
- Open-cover/paper-out sensor
- Graphic printing capability
- 13 international character sets
- Mechanical life: 15 million lines

Communications

- Modem: standard asynchronous/synchronous: 300/1,200/2,400 bps standard Bell 103/212A, V.22 BIS
- Telco: Standard RJ-11 modular jacks (2) located on base of unit

Physical

- Height: 3.16 in. (80.32 mm)
- Width: 5.86 in. (149 mm)
- Depth: 9.66 in. (244 mm)
- Net weight (terminal only): 1.51 lb. (0.68 kg)
- Gross shipping weight (including power adapter): 3.4 lb. (1.54 kg)

Power

- Voltage: 100-240 VAC, 50/60 Hz .8A (switching power supply)
- Power consumption: 350 mA, off hook, 2A during printing
- Power adapter output: 7.5 VDC, 3 A (22.5W)

Environmental

- Temperature: 32° to 104°F (0° to 40°C)
- Operating humidity: 10% to 90%: noncondensing

Warranty

- Standard 18-month warranty

The LinkPoint AIO supports the complex processing demands of today's merchants with a sophisticated all-in-one solution. Its state-of-the art technology addresses the full range of payment capabilities, including multiple merchant applications and identifications. The high-performance LinkPoint AIO delivers quick transaction times and superior reliability to merchants' customers—all at an affordable price.

An intuitive ATM-style interface makes the LinkPoint AIO easy to learn and easy to use. Its screen-addressable keys and dedicated function keys offer more selections with fewer steps. Its high-speed, integrated thermal printer streamlines sales, installation and everyday merchant operation. Compatible with many industry-standard peripherals, the LinkPoint AIO provides maximum versatility at the merchant site.

Superior Reliability

- Reduces long-term merchant support expenses
- 18-month warranty provides peace of mind

Unbeatable Performance

- Fast, secure processing keeps pace with merchants' transaction needs
- Supports all payment processing methods—credit, debit, checks, loyalty programs, etc.
- Print speed of 14 lines per second provides quick, legible receipts

Maximum Merchant Efficiency

- Intuitive ATM-style interface makes learning a snap
- Clearly labeled, dedicated function keys simplify everyday operations
- Screen-addressable keys provide more selections with fewer steps
- Two-line display is easy to read in all lighting conditions
- Drop-in paper-loading system is quick and hassle-free
- Reliable printer eliminates failures due to paper jams

Versatility at the Merchant Site

- Supports multiple applications and multiple merchant identifications
- Supports multiple languages
- Calculator function provides added-value module
- Compatible with many industry-standard peripherals (PIN pads, bar-code wands, etc.)

Compact Design

- Small footprint provides the greatest convenience
- Base or wall mounting saves valuable counterspace
- A single power supply reduces cable clutter

Advanced Fraud Prevention

- Password protection prevents unauthorized downloads
- Manager password controls ensure transaction security
